Mint Conversion Information

Mint.com data is stored on Intuit cloud servers. Data is updated with every change and cannot restore data to a previous point in time.

For a successful account update, do not login into Mint.com for **Impact Bank** until 5 business days after **their conversion which would be 10/10/2020**.

During this time, the Mint.com server will automatically make the system conversion for your activated accounts. After 5 business days, the accounts should reconcile showing your transaction history available.
